

RESOLUTION NO. 98-64

A RESOLUTION OF THE LODI CITY COUNCIL APPROVING THE
USE OF TDA FUNDS TO HELP DEFRAY CONSTRUCTION COSTS
OF A COMPRESSED NATURAL GAS (CNG) STATION IN LODI

=====

WHEREAS, the Department of Energy has been working to reduce our nation's dependence on foreign oil; and

WHEREAS, the proposal for cities like Lodi would be to require that twenty percent of all vehicles purchased be alternatively fueled by the year 2002; and

WHEREAS, the Public Works Department is pursuing a CNG program now because Fleetstar Inc. is willing to invest over \$250,000.00 in a CNG station in Lodi; and

WHEREAS, the fast-fill CNG station is to be located at E. F. Kludt & Sons on Pine Street and Cluff Avenue and will serve the needs of the City's transit fleet, Caltrans, the U.S. Postal Service and the Lodi Unified School District; and

WHEREAS, Fleetstar, a SJVUAPCD funding recipient, will invest in Lodi due to the fact that the Public Works Department has secured over \$1,100,000.00 in funding for new CNG buses and CNG conversions; and

WHEREAS, Fleetstar is willing to lower its fuel price if the City agrees to help defray the construction cost.

BE IT RESOLVED, that the Lodi City Council hereby approves the use of Transportation Development Act (TDA) Funds in the amount of \$26,667.00 to help defray construction costs of a Compressed Natural Gas Station in Lodi in exchange for a lower fuel cost.

Dated: May 6, 1998
